

CERTIFICATE OF COMPLETION

This is to certify that

Aarya Parekh

has successfully designed, developed, and completed the project

Energy Stock Price Forecasting Using LSTM Neural Networks

A complete machine-learning pipeline forecasting next-day closing prices of NTPC (India's largest power utility) using 5 years of daily OHLCV data, 17 technical indicators, and three models:

Linear Regression (RMSE 5.44), Random Forest (RMSE 24.85), and LSTM neural network (RMSE 18.16).
